BEND, Ore. - â€œUnfolding Bendâ€™s Urban Growth Boundaryâ€• will be the topic of the next taping of COTV-11â€™s Talk of the Town, a televised town hall program, May 28 at 6 p.m. at the Cascades Theatrical Company (CTC) on Greenwood.

â€œBendâ€™s Urban Growth Boundary has been a highly controversial topic this past year and soon decisions will be made that affect Bend and its future. Why does the Bend UGB need to grow? Who will this impact?â€• asks moderator Dave Jones. â€œWe will ask this along with addressing what is to be gained, what factors are involved and more as we unfold the sometimes complex yet relevant topic of city planning. There are strong feelings on both sides and we want to hear them.â€•
