

Vandals hit northeast Bend

by Cheryl McDermott

Window-breaking vandals have been at it again, this time in northeast Bend. Police reported that a dozen vehicles were vandalized over the weekend when their windows were shot out by a small bb-type projectile.

On Sunday morning, police discovered three vandalized vehicles, and as the day progressed, nine more reports were received.

None of the cars had been entered and nothing was stolen.

No suspects have been identified at this time, Bend Police Lt. Ken Stenkamp said, asking anyone with information to call 693-6911 or 322-2960.
