

COCC preview day planned for high school students

by Bend_Weekly_News_Sources

Central Oregon Community College and Oregon State University's Cascade Campus are offering College 101, a "campus preview day" for high school juniors and seniors, on March 5 and 6.

While on campus, students will spend the day meeting current COCC students, taking mini-classes from COCC and OSU-Cascades faculty, touring the campus and enjoying a free lunch.

To meet the growing demand for event attendance, College 101 will be offered on two days this year. Both days will have similar schedules and workshops.

Pre-registration is required. Registration information is available at www.cocc.edu/college101.
