

SE Bend raid nets drugs, guns, three arrests

by Cheryl McDermott

BEND, Ore. -- Three suspects were arrested Monday night after detectives raided an apartment in southeast Bend following a month-long investigation and seized methamphetamines, psilocybin mushrooms, marijuana, cocaine and two semi-automatic handguns.

Oregon State Police (OSP) Sgt. Mitchell Meyer said Central Oregon Drug Enforcement (CODE) team members and the local version of SWAT called the Central Oregon Emergency Response Team executed a search warrant at 451 SE 6th Street about 9 p.m., March 10.

Jose Luis Delgado Barrios, 25, was arrested at his residence after CODE detectives developed information that he was involved in selling meth, coke, and pot throughout Central Oregon, Meyer reported.

Two other Bend residents, 38-year old Ejoel Magama Pinto and 25-year old Kristina Ann Keymolen were also present and were arrested, the sergeant said.

Detectives seized about one-half ounce of meth, one and one-half ounces of illegal mushrooms, an ounce of marijuana and two grams of cocaine in addition to two semi-automatic pistols, a news release stated.

All three suspects were lodged in the Deschutes County Jail.

Delgado Barrios was charged with several felonies including possession, manufacture, and delivery of methamphetamine and cocaine. Magama Pinto faces charges of possession of methamphetamine and identity theft; and Keymolen was charged with possession of meth and conspiracy to possess and deliver meth.
