

COTV's Talk of the Town to discuss Bend's UGB

by Bend_Weekly_News_Sources

BEND, Ore. - "Unfolding Bend's Urban Growth Boundary" will be the topic of the next taping of COTV-11's Talk of the Town, a televised town hall program, May 28 at 6 p.m. at the Cascades Theatrical Company (CTC) on Greenwood.

"Bend's Urban Growth Boundary has been a highly controversial topic this past year and soon decisions will be made that affect Bend and its future. Why does the Bend UGB need to grow? Who will this impact?" asks moderator Dave Jones. "We will ask this along with addressing what is to be gained, what factors are involved and more as we unfold the sometimes complex yet relevant topic of city planning. There are strong feelings on both sides and we want to hear them."

Talk of the Town producer Jamie Christman encourages all interested parties to attend the taping of the upcoming program. Talk of the Town is always open to the public.

Talk of the Town airs Mondays at 7 p.m. and on COTV on Demand.
