DEQ proposes approval of environmental work in Bend by Bend_Weekly_News_Sources Comments on Cleanup at Jack Robinson Equipment Yard due by May 1, 2009 BEND, Ore. -- The Oregon Department of Environmental Quality is proposing approval of its determination that the property at 63055 O.B. Riley Road in Bend meets environmental standards. DEQ welcomes comments on the environmental proposal. Jack Robinson and Sons Equipment Yard utilized the site for many years for storage and maintenance of its fleet of heavy construction equipment and vehicles. A hazardous waste inspection conducted in September 2004 revealed petroleum releases near the bulk fueling area, used oil storage area and other areas at the site.

Removal of approximately 6600 cubic yards of petroleum-contaminated soil a 2005 and 2007. Low levels of petroleum-contaminated soil remain onsite.	from the property took place in
