

Wireless at the Mall gets new name, branding

by Bend Weekly News Sources

When Wireless at the Mall owner Tim Bedortha decided to open a new branch and change the name of his business to Captain Wireless and the Wireless Way, he turned to Sublime Design Group of Central Oregon to create a new logo.

Bedortha said he thought he would have to have to go out of town to find a full-line branding and advertising company, but was pleasantly surprised to meet Sublime owners Kelly and Aileen Walker at a local chamber of commerce function.

“I really believe in the whole branding thing and they did a really good job,” he said. “Sublime is really creative and I’m impressed.”

Bedortha said the new logo Sublime designed is entertaining and fun and will be perfect to use during a marketing campaign.

“It’s great because I didn’t have any experience starting from scratch and it took a lot less time than I thought,” he said. “I love the result and it’s funny how quickly we narrowed it down.”

Captain Wireless, 3188 N. Highway 97, is a U.S. Cellular provider and sells accessories for all types of cellular telephones. It has been open in Bend for two years. A new branch will open in January on Greenwood Avenue.
