A land use and transportation plan for the study area, along with a set of proposed General Plan map and text amendments, Transportation System Plan amendments and amendments to the Bend Development Code will be included in Part 2. The study area encompasses the historic core and adjacent neighborhoods to the north and south, as well as the central segment of the 3rd Street corridor running from Butler Market Road to the railroad underpass. Special attention will be given to the area immediately east of the downtown core and to the 3rd Street corridor lying between the Bend Parkway and 4th Street.
