

Congratulations on Your First Issue

by Rudy Suarez

I know Iâ€™m probably not the only one to congratulate you on your first print issue of Bend Weekly. I applaud you for your foray into a local weekly publication, geared towards family and community. I appreciate the fact that I was able to share your paper with my wife and kids, without having to censor the articles or the ads. I especially enjoyed the article on Lap Yan Chan of Chanâ€™s Chinese. I must eat there at least 2 or 3 times a week and never knew anything of his background. I look forward to your future issues.
