

Roundabout work to close intersection of Bond, Wilson

by Bend_Weekly_News_Sources

The City of Bend has announced that beginning Monday, April 2, the intersection of Bond Street and Wilson Avenue will be closed due to construction of a new roundabout.

Traffic will be detoured around the construction area:

- Traffic traveling on Wilson Avenue west from the Parkway will be detoured to a temporary access road to connect to Bond Street. - Traffic traveling on Bond Street will be detoured through the Old Mill District on SW Upper Terrace Drive. Road closure and detour signs and markers will be in place during construction to reroute traffic through the detours, and access to adjacent businesses will be maintained throughout the construction period.
