

Firefighters rescue 4-H sheep

by Bend_Weekly_News_Sources

Tualatin Valley firefighters found themselves performing an unusual activity Saturday afternoon â€“ rescuing sheep wandering through heavy traffic on Highway 26 after a trailer came loose from its towing vehicle, slid across all lanes of traffic, and overturned.

RVFR firefighters from Station 51 and several good-hearted motorists passing by assisted in rounding up the wayward lambs.

Despite heavy traffic, there were no reported injuries â€“ to persons or lambs â€“ and the trailer was re-hitched and continued on its way.

The driver reported the lambs were a recent purchase for a 4-H project.
