

Oregon Department of Fish and Wildlife Viewing Report

by ODFW

OCHOCO DISTRICT: Bald and golden eagles, a variety of hawks and falcons, and waterfowl are present along the Post-Paulina Highway east of Prineville. If observers extend their drive and include the Puett Road loop through the Paulina Ranger Station they have an opportunity of seeing wintering deer, pronghorn, elk, and coyotes. This route is suitable for passenger cars.

LOWER DESCHUTES WILDLIFE AREA: Visitors to this area can see California bighorn sheep on a regular basis upstream of Harris Canyon (RM 12). Lambs are being born starting the first couple weeks of April. Access will be by boat or bicycle. Sheep can also be seen on the Deschutes River down the Mackâ€™s Canyon Road down stream of Shearerâ€™s Falls with a major lambing grounds at Beavertail.
