

Cline Falls Highway paving project scheduled

by Bend_Weekly_News_Sources

An asphalt overlay project on Cline Falls Highway from Tumalo Road north to Highway 126 will limit traffic to one lane and may cause delays lasting 20 minutes, the Deschutes County Road Department announced.

Construction crews will begin work on Monday, April 30, with project completion expected on June 1, said George Kolb.

Drivers are advised to use alternate routes whenever possible during construction times of 7 a.m. to 7 p.m.

More information is available by calling Kolb at 322.7113.
