

Oregon Department of Fish and Wildlife Fishing Report

by ODFW

ANTELOPE FLAT RESERVOIR: Opportunities for carryover rainbow trout from 10-18 inches are good, however anglers are reporting mixed success. Anglers should fish the deeper water near the dam this time of year. **BIG LAVA LAKE:** Angler success is fair to good with some nice fish showing up in the creel.

CLEAR LAKE: Clear Lake, located about 20 miles west of Maupin, has been stocked with keeper trout and should offer good angling opportunity.

COLUMBIA RIVER FROM BONNEVILLE RESERVOIR TO JOHN DAY DAM: Bass fishing has been good in the main Columbia and backwaters. Anglers are reporting good catch rates of nice bass in shallow water with artificial baits of various types.

CRANE PRAIRIE RESERVOIR: The bite is reported to be fair though good success is being seen by those anglers using fly patterns including chironomid imitations.

CRESCENT LAKE : Reports of some nice kokanee being caught, fair brown trout activity and fair lake trout catches

CROOKED RIVER BELOW BOWMAN DAM: Opportunities for 8-16 inch rainbow trout and whitefish are fair.

CULTUS LAKE : No recent reports.

DAVIS LAKE : Angling for redband trout is reported to be slow. Please note that Davis Lake is restricted to fly angling with barbless hooks.

DESCHUTES RIVER:High water on the Deschutes has made trout fishing a little more challenging. Anglers are catching some whitefish and rainbows. Dry fly fishing has been slow; anglers should look at using nymphing tactics in the slow water areas.

DESCHUTES RIVER (Lake Billy Chinook to Benham Falls): No reports.

DESCHUTES RIVER (Benham Falls to Wickiup Reservoir): Anglers have reported some pretty fair catches for brown trout along with some smaller rainbow trout.

DESCHUTES RIVER (Crane Prairie to Little Lava Lake): Reports of some fairly good activity for redband trout and smaller brook trout. The flows on this reach are extremely high. Please note that this section of river is catch and release only for rainbow trout.

EAST LAKE : Reports of good success for kokanee and brown trout with anglers reporting catching Atlantic salmon and rainbow trout as well.

ELK LAKE : Reports of a few brook trout being caught though kokanee angling is reported to be slow.

FALL RIVER : Fish seem to be showing minimal response to the flies anglers are putting on the table.

FROG LAKE: Frog Lake, located about 20 miles west of Maupin, has recently been stocked with keeper trout and should offer good angling opportunity.

HAYSTACK RESERVOIR: Rainbow and brown trout 10-18 inches are available. Trout are likely to be in deeper water this time of year. Kokanee, largemouth bass, black crappie and brown bullhead are also available.

HOSMER LAKE : Not a lot of angler activity over the past week though the past reports are fishing on the lake has been a little on the slow side.

KINGSLEY RESERVOIR: Kingsley Reservoir, located west of Hood River, has recently been stocked with keeper and trophy trout and should offer good angling opportunity.

LAKE BILLY CHINOOK: No recent reports. Opportunities for kokanee are fair to good with most fish averaging 11-14 inches. Best success is likely to be in the upper end of the Metolius Arm. Anglers are reminded harvest is limited to one bull trout over 24" and a Tribal angling permit is required in the Metolius Arm. Please consult 2006 Sport Fishing Regulations.

LAKE SIMTUSTUS : Opportunities for 8-14 inch rainbow trout are good. Kokanee up to 15 inches are also available with most successful anglers fishing the upper end of the reservoir near Round Butte Dam.

LAURANCE LAKE: Laurance Lake, located near Parkdale, has recently been stocked with keeper trout and should offer good angling opportunity.

LITTLE LAVA LAKE: Anglers are reporting that the past weeks activity was fair.

METOLIUS RIVER : Reports of good fishing including rainbow trout up to 15 inches. Anglers should

consider offering up Golden Stones, Clarksâ€™ Stone or PMDâ€™s. Nymph patterns that have been of interest to the fish have been Copper Johnâ€™s and Pheasant Tails. Anglers might also consider trying a midge emerger. Bull trout are begin to move up into the system ODFW asks that anglers handle these as all fish caught with care when releasing.

NORTH TWIN LAKE : No report on angler success.

OCHOCO RESERVOIR: Opportunities for 12-18 inch rainbow trout are good. Both boat and bank anglers should have success with bait and lures. Trout are likely to be in deeper water. Crappie up to 12 inches are also available.

ODELL LAKE : The number of fish being reeled in has tapered off. Fish have gone deep to the cooler water zones and angler should consider leaded lines or larger lake troll setups. As always at Odell Lake angler success is markedly improved at daylight and with some but a lesser degree of success later in the morning. The kokanee are in excellent condition. Please check with the USFS Crescent Ranger District with questions pertaining to blue green algae. Bull trout are federally listed as threatened and their numbers are extremely low in Odell Lake. Targeted angling for bull trout is not allowed and any incidentally caught bull trout must be released unharmed. Angling is closed within 200 feet of the mouth of Odell Creek to protect bull trout. Do not remove fish from water when releasing.

PAULINA LAKE : Angling for kokanee is reportedly good with the rainbow trout and brown trout catches reported to be fair too good.

PINE HOLLOW: Pine Hollow Reservoir, located near Wamic, has recently been stocked with keeper trout and should offer good angling opportunity.

PRINEVILLE RESERVOIR: Opportunities for 12-16 inch rainbow trout are fair to good. Black crappie and bass opportunities are also available.

ROCK CREEK RESERVOIR: Rock Creek Reservoir, located near Wamic, has recently been stocked with keeper and trophy trout and should offer good angling opportunity.

SOUTH TWIN: Anglers on South Twin are having fair success. South Twin provides nice shorelines for both kids and adults alike to fish from. Boat launching is available, however, motors are prohibited.

SUTTLE LAKE : No recent reports though there is good opportunity for both kokanee and brown trout.

THREE CREEKS LAKE: Reports of some good catches for both rainbow trout and brook trout.

WALTON LAKE : Opportunities for 8-14 inch rainbow trout are very good. Walton was last stocked on July 18.

WICKIUP RESERVOIR: Reports of anglers having fair success for kokanee a few nice brown trout are being caught as well.
