

Bend-La Pine Schools hires construction mgr. for new school

by Bend_Weekly_News_Sources

Michael McLandress has joined the Bend-La Pine Schools Facilities Development team as Construction Project Manager. A Certified Green Building Professional, McLandress brings more than 23 years of commercial, school and residential project management experience to the Schools.

Michael McLandress will lead many of the 197 community approved bond projects including the planning, design, development and construction of the new westside elementary school and additions to Cascade Middle School.

A graduate of the University of Washington, McLandress most recently worked with Bend's Sun Forest Construction and San Francisco based Canyon Construction.
