The OLCC follows a per capita distribution formula based on Oregon's population of 3.69 million. For July it was 29.5 cents per person for counties; 85 cents a person for cities. The breakdown was: 36 counties, 10 percent, \$1.09 million; 241 cities, 20 percent, \$2.18 million; state general fund, 56 percent, \$6.1 million; city revenue sharing account, 14 percent, \$1.52 million; state Addiction and Mental Health Division, \$694,962; and Oregon Wine Board, \$22,063.

OLCC revenue is derived from the sale of distilled spirits in 241 liquor stores, taxes on malt beverages and wine, license fees, and fines for liquor law violations. Last month's revenue share was \$14.45 million.

The OLCC collects privilege taxes of \$2.60 for a 31-gallon barrel of malt beverage, 67 cents a gallon for taxable wine with an alcohol content of 14 percent or under and 77 cents on taxable wine over 14 percent. Of that, 2 cents a gallon goes to the Oregon Wine Board to fund research and promotion.
