

Bend City Council terminates city manager

by Bend_Weekly_News_Sources

In a unanimous 7-0 vote during Wednesday night's meeting of the Bend City Council, councilors voted to terminate the employment of city manager Andy Anderson effective November 17.

Following the meeting, speaking of Anderson's performance in the position which began in August of 2004, Mayor Bruce Abernathy was heard to say "expectations were not being met."

Assistant city manager Eric King will serve until a permanent replacement is hired.

A work session will be scheduled for next month to outline the search process for a new city manager, which may take six months or more.
